I am very impressed by the finished cabinet, and by the quality of the carpentry (and my Father was a professional cabinet maker).

The workmanship of our beautiful round dining table is superb. We did have a problem with the table (wood, not workmanship) but the manner in which it was resolved could not have been better. The after care service was brilliant, we have our dream dining table and the service we had would make it even more likely that we would use them again. <i>Customer Feedback added: 10/06/2013</i>	Quality : ★★★★★ Customer Service : ★★★★★ Value for Money : ★★★★★ Recommend this Business : ✓
